## Introducing The Yellow Chair Salon!

**Castle Hill is very excited to be partnering with Michael David on the Yellow Chair Salon!**

This 4-month virtual residency program, led by Michael David, provides a way to stay connected during these times of social distancing. It offers a warm, friendly way to share your art practice and build new friendships. The program focuses on learning from one another by sharing artwork via the Zoom platform.

**Artists of all levels of development and media are welcome.**

### **About Michael David**

Guggenheim Fellow Michael David has been exhibiting internationally since 1981, first with the historical Sidney Janis and then with M. Knoedler & Co. Exhibiting widely throughout the United States for 30 years, has been the subject of much historical and curatorial acclaim.

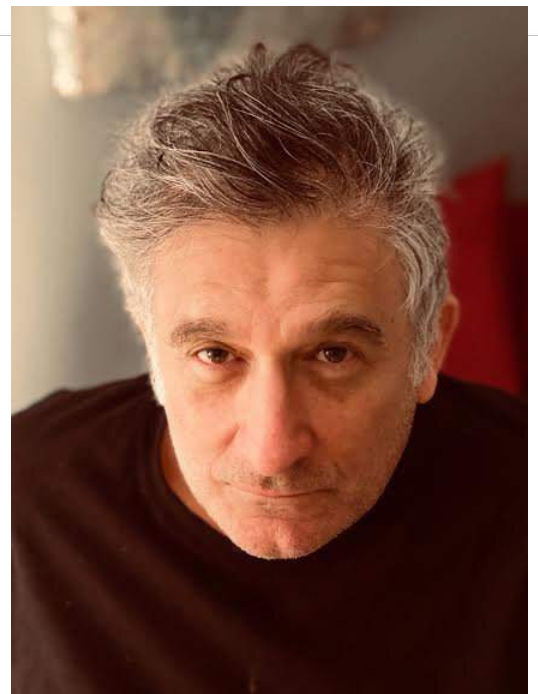

His work is included in the permanent public collections of the Metropolitan Museum of Art in New York, the Guggenheim Museum in New York, The Brooklyn Museum in New York, The Houston Museum of Contemporary Art, the Denver Museum of Contemporary Art, the Museum of Contemporary Art in Los Angeles, the Los Angeles County Museum of Art, and the subject of a one-person exhibition at Aspen Museum of Art.

Over the last decade, David established the Fine Arts Workshop in Atlanta, working with artists on an immersive one-on-one basis, helping to develop their voice and professional practices, find exhibition opportunities and taking their individual expressions to the next level. His professional practice expanded to include residencies and workshops in Dallas Texas, Truro, Massachusetts and Brooklyn NY.

Over the last five years David established, directed and curated two of the most successful galleries in Brooklyn; Life On Mars and M. David & Co.
